Symbolism in lord of the flies

1/50 points

How to do it:

Lord of the Flies Symbolism Project

- ✓ Review the symbols we've discussed in class & those you've discovered on your own.
- ✓ Select 4 of them.
- ✓ Make decisions together about what the symbol is supposed to mean. Don't be afraid to use an original idea or interpretation. As long as you support it with quotes & other evidence from the novel, it makes sense logically, it will be accepted.
- ✓ Using Power Point, and your combined creativity, display the 4 symbols in the most interesting way possible. Illustrate your objects or people prominently on your slides & clearly express your meaning through words, pictures, clip art or graphics.
- ✓ Include in your presentation, words, phrases, or sentences from the book (with page numbers) that led you both to come up with this interpretation. How creatively you present your presentation will be an important consideration in my grading of your project.
- ✓ At a minimum, you must have 7 slides (intro, 4 symbols, conclusion, & questions), use 6 pictures or graphics, use 3 types of animation, & support your symbols with 4 quotes from the novel. Practice your delivery. Consider the elements of expository speaking that we discussed in class.

L.O.F abounds with symbols. To fully appreciate a symbol you must follow its development throughout the entire book & then come to a conclusion about what the symbol is supposed to mean.

The objective of this assignment is for you to closely examine 4 persons or objects that could be symbolic & be able to explain their meanings through an oral presentation using Power Point. Through PPT, you will help to teach the class about your view of your symbols.

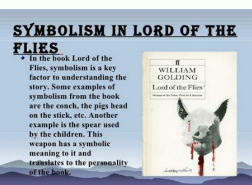

You must work in pairs for this project. Divide the work evenly, but you both must be well-versed in all 4 of the symbols you discuss in your presentation.

Allegory

A story that has two meanings – a **literal** or surface story and a **symbolic** meaning in which everything in story symbolizes something greater.

Piggy (and the glasses)	intelligence, insight, social order	
Ralph (the conch)	democracy, order	
Simon	goodness, purity	
Roger	evil	
Jack	savagery, anarchy	
The beast	evil that is in everyone	
Lord of the Flies	danger that surrounds us	

Symbolism Project

Symbolism in lord of the flies chapter 2. Symbolism in lord of the flies chapter 7. Symbolism in lord of the flies chapter 3.

Ralph represents order, leadership and civilization. As the civilization of Eradia Island and the boys descend into savagery, the shell loses its power and influence between them. In the first parts of the novel, the fact that the boys keep the fire is a sign that they want to be rescued and return to society. When Jack's hunters invaded Ralph's camp and stole the glasses, the savages effectively take the power to make fire, leaving the helpless group of Ralph. Ralph groups the bark desperately when he talks about his role in murder Simon. The Lord of the Flies The Lord of the Flies is the blissful and cut nut Head that Jack empals in a stake in the forest clearing as an offering to the beast. The signal signal burns on the mountain, and later on the beach, to attract the warning of vessels that may be able to rescue the boys. When the fire burns low or leaves, we realized that the boys lost their desire to be rescued and accepted their wild lives on the island. Relations that develop among older boys and the younger ones emphasize the connection of older boys with the civilized or wild instinct: civilized boys like Ralph and Simon use their power to protect younger boys and advance the good of the group; Wild boys like Jack and Roger use their power to gratify their own desires, treating the boys Littler as objects for their own diversion. The stone that Roger rolls for piggy also crushes the shell, meaning the disappearance of the civilized instinct between almost all the boys on the island. Symbols are objects, characters, figures and colors used to represent ideas or abstract concepts. This complicated symbol becomes the most important image in the novel when Simon confronts the head of the nut in the clearing and seems to talk to him, telling him that evil resides within all human heart and mE mE "nu" ed ocup mu ret he. Simon represents natural human goodness. Roger represents brutality and corridor at the extreme maximum. Ironically, at the end of the novel, a fire finally summons a ship to the island, but not the fire of the signal. Looking at the romance in the context of Bible parallels, the Lord of the flies reminds the devil, just as Simon reminds Jesus. This symbolic significance is clear from the beginning of romance, when boys use piggy glasses lenses to concentrate sunshine and start an incubator. Used in this ability, the shell becomes a powerful symbol of civilization and order in the novel. As the boys' society resembles a politician, Littluns can be seen as ordinary people, while the older boys represent the dominant classes and political leaders. As the boys grow wilderness, their crevice in the beast grows stronger. The beast the imaginaria beast that scares all boys represent the primitive instinct of savagery that exists within all human beings. The shell effectively governs the boys' meetings, for the boy holding the shell hold the right to speak. Conch Shell Ralph and Piggy Discover the shell on the beach at the beginning of the romance and use it to summon the boys together after the accident separates them. As a result, the signal of the sign becomes a barA'meter of the baby's connection to civilization. (This A e a e a e a e a e a e a e In the following chapter.) In this way, the Lord of the flies becomes both a physically manifestation of the beast, a symbol of evil power and a figure of Satan's figure who evokes the beast within each being human. The boys have fear of the beast, but only Simon reaches the perception that they fear the beast because it exists within each of them. Signal fire works as well as a kind of measurement of the remaining civilized instinct forces on the island. Later, the other boys ignore ralph and against him when he tries to blow up the shell at Camp A A JackAe. Ralph, Piggy, Jack, Simon, and Roger Lord of the Flies There is an A romance, and many of its characters mean important ideas or themes. The behavior of the boysA There's what brings the beast to exist, so the more wild the boys act, the more real the beast seems to become. In this regard, the shell is more than a symbolA There is a real vessel of political legitimacy and democratic power. Piggy A y Piggy is the most intelligent and rational boy in the group, and his Actors represent the power of science and intellectual dismay in society. In fact, the name A A Lord of the FliesA A Piggy represents the scientific and intellectual aspects of civilization. Instead, there is the fire of savageryA The forest incAio JackA A A A At the end of the novel, the boys are leaving sacrifices and treating him as a totemic god. oh, god.
